DETAILED ACTION

Allowable Subject Matter

1. Claims 1-42 are allowed.
2. The following is an examiner's statement of reasons for allowance:
3. Regarding claims 1 and 39, the prior art fails to show transferring hints from characters of first TrueType font to corresponding characters of the second TrueType font, the second TrueType font being different from the first TrueType font. Claims 2-17 are dependent on claim 1; claims 40-42 are dependent on claim 39; therefore the examiner gives the same reason as set forth above.

Regarding claim 18, the prior art fails to show transferring hints associated with the source character and that refer to control points on the source character to hints associated with the target character and that refer to control points on the target character. Claims 19-31 are dependent on claim 18; therefore the examiner gives the same reason as set forth above.

Regarding claim 32, the prior art fails to show establishing an association between the glyph of the first font and a glyph of a second font, the second font being different from the first font, and translating one or more statements so that the one or more statements now pertain to and define constraints for the glyph of the second font. Claims 33-38 are dependent on claim 32; therefore the examiner gives the same reason as set forth above.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
